Sewing Directions:

Press all seams open and use ¼" seams, unless otherwise indicated.

Propeller Block

1. For each yellow block: Select two light green and two dark green squares, and four light yellow, four orange-yellow and four golden-brown quarter square triangles (QSTs). For each pink block: Select two orange-yellow and two golden-brown squares, and four light pink, four medium pink and four dark pink QSTs. For each green block: Select two light yellow and two golden-brown squares, and four light green, four medium green and four dark green QSTs.
2. Arrange the small squares and QSTs as shown in the block diagram, referring to the quilt assembly for placement of the light, medium and dark QST patches, and orienting the center four-patches as desired.
3. Join the four small squares together along adjacent edges to make a four-patch center unit. Press the seams open.
4. Sew the long edge of one QST to each side of the center unit. Press the seams away from the center unit.
5. Sew the remaining pairs of QSTs together along one short edge to make four corner units. Press the seams open.

6. Join one corner unit to each side of the center unit, matching the seam line of the corner unit with the corner of the square. Press the seams away from the center unit.

7. Make four yellow, eight pink, and sixteen green Propeller Blocks.

Make four yellow, eight pink, and sixteen green Propeller blocks.

Jester Block

1. For each yellow block: Select two light yellow and two yellow-orange center triangles, and four ivory/white and four cream side triangles.
For each pink block: Select two light pink and two medium pink center triangles, and four ivory/white and four cream side triangles.
For each green block: Select two light green and two medium green center triangles, four ivory/white and four cream side triangles.
2. Arrange the center and side triangles as shown in the block diagram, referring to the quilt assembly for color placement.
3. Aligning notched points, join one side triangle to each side of a center triangle. Press the seams toward the side triangles. Make four triangles in a square (TIS) for each Jester Block.
4. Referring to the quilt assembly diagram, arrange the four TIS in two rows of two TIS each. Place each unit so that the points of the color triangles will meet.

5. Join the TIS in each row together along adjacent edges. Press the seams open. Join the rows together. Press the seams open.

Quilting and Finishing:

1. Cut the backing into two equal lengths. Trim the selvages from each long edge, and join the two backing pieces together along one long edge. Press the seam open.
2. Layer the batting between the quilt top and backing, with the wrong sides facing the batting. Pin or baste the layers together. Quilt as desired.
3. Trim the batting and backing even with the quilt top edges.
4. Sew the binding strips together along the short ends, using either straight or diagonal seams. Press the strip in half lengthwise, with wrong sides together. Stitch the binding to the quilt front, matching raw edges and mitering corners. Fold the binding to the quilt back, encasing the raw edges. Handstitch the binding to the quilt back.
