Sewing Instructions

Press seams open and use ¼" seams, unless otherwise indicated. Be careful not to stretch bias edges.

Make the Triangle Units

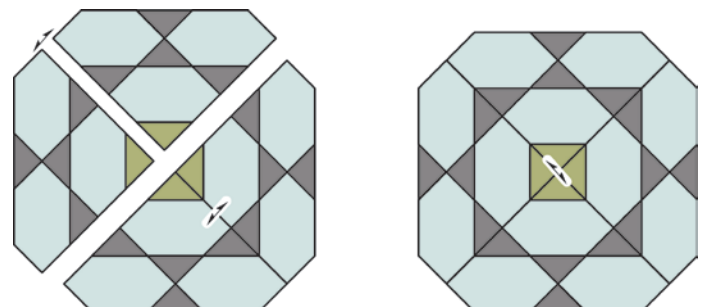

1. Select one 4½" finished signature block (Shape 10), one green 2¼" finished half square triangle (HST) (Shape 5) and two grey 2¼" finished HSTs (Shape 5) for each upper triangle unit. Arrange the patches as shown, making sure to place the green HST at the top. Join the green HST to one long edge of the signature block. Join one grey HST to either lower short edge of the signature block. Press the seams open.
2. Select two 4½" finished signature blocks (Shape 10) and two grey 2¼" finished HSTs (Shape 5) for each lower triangle unit. Arrange the patches as shown. Join one grey HST to each signature block along the adjacent edges. Press the seams open. Sew the two signature block/HST units together along the diagonal edge, matching the center seams. Press the seam open.
3. Join the upper and lower triangle units together, matching seams, to complete the triangle unit.

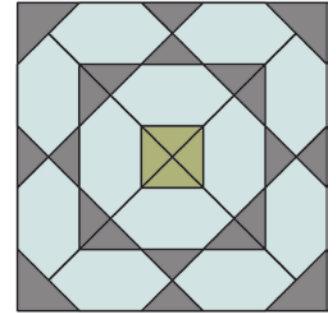

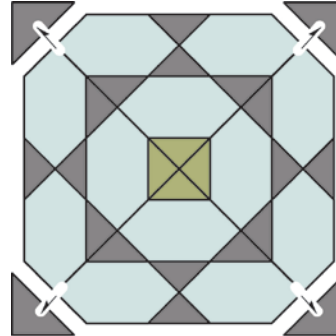

4. Repeat steps 1-3 to make a total of 48 triangle units.

Make the Blocks

1. Arrange four triangle units in two diagonal rows of two units each as shown. Join the units in each row along adjacent edges, matching all seamlines. Press the seams open. Join the rows together, and press the seam open.

2. Fold one grey 4½" finished quarter square triangle (QST) (Shape 4) wrong sides together along the longest edge. Pinch the fold at the long edge to make a center mark. Unfold the triangle and with right sides together, align the center mark of the triangle with the seam at one corner of the block. Sew the triangle to the block. Repeat to add a grey triangle to each corner of the block. Press the seams toward the quarter square triangles. Make a total of twelve blocks.

Make 12 blocks.

Assemble the Quilt Top

1. Arrange the blocks into four rows of three blocks each. Join the blocks in each row along adjacent edges, matching seamlines. Press the seams open.
2. Join the rows together along adjacent edges, matching seamlines. Press the seams open or in one direction.

Finishing and Quilting

1. Layer the batting between the quilt top and backing, with the wrong sides facing the batting. Pin or baste the layers together. Quilt as desired.
2. Trim the batting and backing even with the quilt top edges.
3. Sew the binding strips together along the short ends, using either straight or diagonal seams. Press the strip in half lengthwise, with wrong sides together. Stitch the binding to the quilt front, matching raw edges and mitering corners. Fold the binding to the quilt back, encasing the raw edges. Hand stitch the binding to the quilt back.
